

PIR Light switch

Wall mount

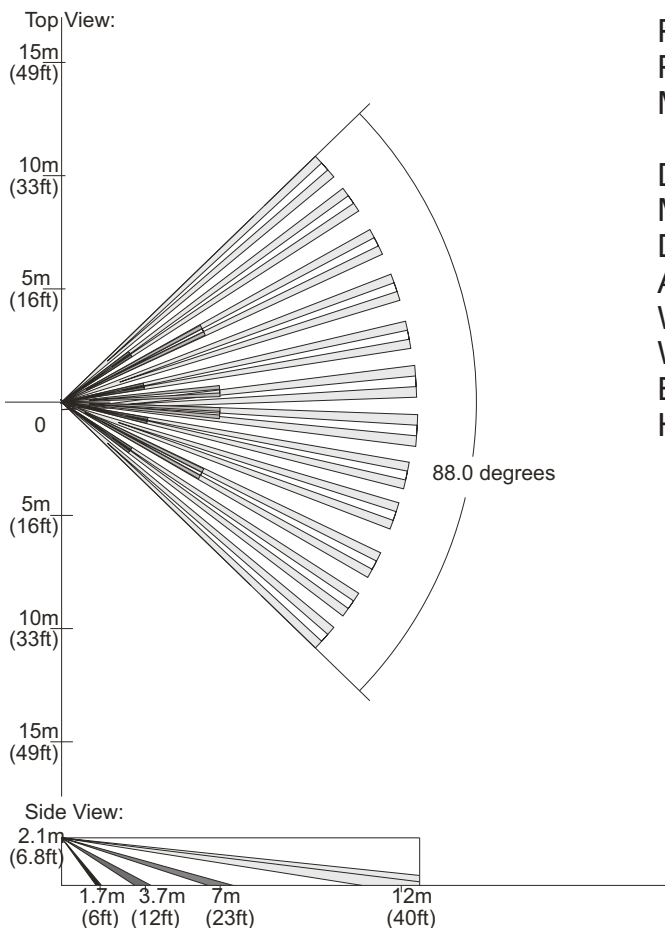

MODEL No: LS-112E

Features

- Synchronous with AC 230V, 50Hz
- Low power consumption
- Zero cross switching
- Noise rejection circuit
- Override function for manual or test mode
- Light sensor to Disable output during daytime with hysteresis
- Adjustable ON time
- ON/AUTO/OFF mode selectable directly from power switch
- Auto-Reset incase ZC signal disappears
- Quick check mode for initial installation
- Wall / Ceiling mount

Detection Pattern

Specifications:

PIR Sensor
Power Supply
Maximum Load

Detectable Speed
Mounting Height
Detection Range
Adjustable Lux level
Walk Test LED
Working Temperature
EMI/RFI Immunity
Humidity

Dual Element
230 VAC \pm 10%, 20mA Max
600W Incandescent
120W Fluorescent.
0.5 ~ 1.5 m/Sec
2.1m Typical
88.0° X12m at 20°C
1Lux ~ Daylight
3mm Red LED.
