Features

- Recess Mount Sensor
- Precise dimming control
- Regulating light sensor
- Surface Mount Kit (Optional)
- Integrated dimming and ON/OFF control
- Analog 1~10VDC based control
- Infrared programmer (Optional)
- Automatic temperature compensation
- Supply noise, Surge, Short circuit protection
- Low power consumption
- LED indicator

Specifications

PIR Sensor	Quad Element
Power Supply	85~265 VAC, 50Hz
Maximum Load	1000W
Detectable Speed	0.5 ~ 1.5 m/Sec
Mounting Height	2.1m Typical
Detection Range	360° X 6m at 25°C
Walk Test LED	3mm Red LED.
